VALUES

Business values are the concepts that guide your business. Business values can help you make decisions, foster a culture of teamwork and collaboration and create a positive working environment.

03 GOALS & OBJECTIVES

Growth

Increase Total Sales: A common growth profitability goal is to increase sales. An up-and-coming software company might set a long-term goal of increasing their product sales by 75 percent over two years.

Customer Satisfaction

The three main goals of a business are typically profitability, growth, and sustainability. Profitability refers to generating revenue and maximizing profits. Growth focuses on expanding the business, increasing market share, and reaching new customers.
